ABOUT US

KFT Uduboh Nigeria Limited is a diversified Nigerian company delivering services across civil construction, marine operations, dredging, land reclamation, procurement and equipment and vessel hiring.

Our construction capabilities cover road construction, building works and other civil infrastructure projects, while our marine operations support demanding activities across waterways and coastal environments.

We also provide dredging and land reclamation solutions, alongside access to barges, tugboats and other equipment required for marine and construction operations.

With a practical understanding of project requirements, we focus on delivering efficient, safe and dependable solutions from planning and mobilisation through to execution.

MISSION & VISION

OUR MISSION

To provide reliable construction, marine, dredging, procurement and equipment hiring services that meet project requirements while delivering lasting value to our clients.

LOGO DEVELOPMENT

LOGO FORMATION

PERFECT SQUARE

HEAVY DUTY MACHINE
BOOM AND DIPPER ARM

Inspired by the **boom and dipper arm** of heavy-duty construction machinery, the KFT Uduboh logo represents strength, precision and execution.

The articulated form reflects the company's ability to mobilise resources and deliver across construction, marine and dredging operations, while the **perfect square** represents stability, balance and reliability.

Together, the elements communicate a simple idea:
Built with strength, driven by precision, committed to delivery.
